Dear Dr Stuckelberger,

It is my pleasure to formally invite you to become a member of the WHO Research Ethics Review Committee (ERC).

As a lecturer, master of public health and researcher at the university of Geneva you are ideally suited to contribute to the debates and decision-making process carried out by ERC which has the responsibility for reviewing the ethical aspects of proposals for research involving human subjects that are funded or otherwise supported through WHO.

I would be most grateful if you could agree to join the Committee

Yours sincerely,
